Brussels, 8 June 2015

Dear colleague, *General,*

Your participation at the 41<sup>st</sup> ICMM World Congress on Military Medicine, held in Bali, Indonesia, 17<sup>th</sup> to 22<sup>nd</sup> of May 2015, under the auspices of the International Committee of Military Medicine (ICMM), was highly appreciated.

Your communications "Are military hospitals prepared to deal with CBRN casualties in urban environment?" and "CBRN Forensics" captured the attention of the ICMM Scientific council.

We would be very grateful if you accept to send us a full paper on the same topics for publication in the 'International Review of the Armed Forces Medical Services'. This review has a worldwide diffusion within the Armed Forces Health Services amongst all the 118 States of the ICMM.

We would appreciate to receive your manuscript and short curriculum vitae with a picture before the end of August 2015.

With our best regards.

Major General (Prof., ret.) Marc MORILLON (MD)  
Chairman of the ICMM Scientific Council  
Editor-in-Chief International Review of the Armed Forces Medical Services
