Dear Ioannis,

The Institute is most grateful to you for kindly agreeing to speak at this year's Annual ICPEM Conference at University College London.

Your presentation was extremely valuable as part of the conference overall theme and contributed to the many enthusiastic feedback reports from delegates who attended. I am sure that we can safely say that this year was one of our most successful Conferences.

Following the Conference we usually provide the Institutes members access to the speakers' presentations on our website through the restricted access members menu and summaries appear in our Journal publication Alert. It would be very much appreciated if you will allow this to occur this year. We have the voice recording of all of the speakers' presentations and most of the PowerPoint presentations.

If you are agreeable we will be most grateful if you will notify our President Emeritus, Bill Blake, by email to wlb@blake-consult.org.uk

Thank you so much for your contribution.

Yours sincerely,

Les Chapman
Chair
